

**"I WILL SHOW YOU
HOW TO BE THE
WEALTHIEST
PERSON
IN YOUR LIFETIME."**

**Oscar J Realmsworth
(OJR)**

**"The time has come that the following
mandate must be adopted by every
government worldwide:**

If a law does not improve the life, health and wealth of everyone and everything on earth and in nature, it cannot be a law! If a law discriminates against the life, health or wealth of earth and nature or any human, it is automatically disqualified to be a law - being negated by its own measure, making it invalid - and therefore must be removed and abolished!"

Professor Oscar J Realmsworth

**DO NOT FEED YOUR MIND
WITH THE REGURGITATED
KNOWLEDGE OF OTHERS,
UNLESS YOU WANT IT TO
PRODUCE THE SAME
RESULTS IN YOU, THAT
IT HAS PRODUCED
IN THEM. OJR**

**This book exposes what the gatekeepers
don't want you to know about money!**

"Never before in earth's history has there been seven billion+ men and women so single-minded in pursuing this one item called money.

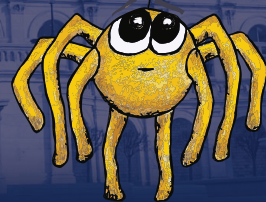

It is the cause of earth's depletion and nature's impoverishment including the cause of 'climate change!'" **OJR**

**The real meaning of wealth in the earth and humanity
revealed. Jean Vanier (1928-2019)**

"Vanier recognised that all of us are partial, incomplete beings. His '5 Principles of Humanity' include:

- The sacredness of all people,
- The constant evolution of people,
- The corollary realisation that maturity comes in working with others,
- The need for people to make choices for the benefit of themselves and others, and
- The universal search for meaning.
